WORK EXPERIENCE

Program Analyst

Applied Materials

09/2020 - 09/2021

Bangalore, India

Achievements/Tasks

- Led automation initiatives for the Learning Management Portal (LMS), streamlining data extraction and report generation processes.
- Extracted critical data from the LMS and transformed it into actionable reports for higher management, facilitating data-driven decision-making.
- First point of contact for user related issues and questions related to overdue safety reports.

Software Engineer

Flextronics India Pvt Ltd

10/2017 - 08/2020

Chennai, India

Achievements/Tasks

- Developed a Learning Management Portal using HTML, CSS, and JavaScript, enhancing internal team collaboration and training processes.
- Automated the modification of Bill of Materials (BoM) data received from customers for ERP integration. Created Excel VBA code to streamline and expedite this previously manual task.
- Collaborated closely with cross-functional teams to ensure seamless data transfer between departments, improving overall operational efficiency.
- Implemented customized learning systems for different internal teams, addressing their specific requirements and facilitating targeted skill development. This approach resulted in increased team proficiency and knowledge retention.

EDUCATION

Bachelor of Engineering

Siddhartha Institute of Engineering and Technology

05/2013 - 04/2017

Tirupati, India

Courses

- Electronics and Communication Engineering

SKILLS

Tailwind CSS

PERSONAL PROJECTS

Painted-Palette

- "Painted Palette" redefines the art-buying experience by creating a dynamic digital space where artistry, commerce, and creativity converge.
- Developed a Next.js website to elegantly display handcrafted artworks, combining React and Tailwind CSS for a visually appealing presentation.
- Implemented a user-friendly cart system, streamlining artwork selection and purchase process on the platform.
- Created a secure authentication system with MongoDB, enabling personalized profiles for tracking orders and maintaining art collections.
